## Survey Notes

- **Response Rate:** 25%. 23 responses out of 91 completers.
- **Responses by State:** Indiana – 82.6%    Kentucky 17.4%
- **Total Program Completers:** The total number of students who graduated from the academic program.
- **Un-located Completers:** The number of graduates who could not be located in either the Indiana database (Indiana Educator License Lookup) or the Kentucky database (Kentucky Education Certificate Inquiry).
- **Located Completers:** The number of graduates who were located in either the Indiana or the Kentucky database.
- **Total Employer Responses:** The number of employers who completed the Employer Survey.
- The 2016-17 survey includes the program completers from Fall 2014, Spring 2015, and Summer 2015.
- **Process:** Principals of the schools employing the graduates were sent the Employer Survey via Qualtrics in April 2017. Sending it out at this time provided the opportunity for the graduate to be employed in the school for one full academic year. If more than one graduate worked at the same school, the principal was asked to fill out a survey for each completer employed. This is different than in past administrations of the Employer Survey when the principal was asked to fill out a single survey evaluating all completers employed at their school. If the principal was not knowledgeable on the graduate's skills, we asked that he or she forward the survey to a contact more suited to respond to the statements. The response is still tied to the principal's name regardless who completed the survey.
