IU Southeast School of Education Employer Survey
Counseling MSED Report

BACKGROUND

The Indiana University Southeast School of Education Employer Survey is administered to supervisors of Indiana and Kentucky schools that employ a graduate who received his or her degree one year ago. The survey

Individual question response rate varies. We include partial responses in the report and, unless otherwise indicated, non-respondents are excluded in tabled data counts and percentages.

collects data regarding the supervisors' opinions of the graduates knowledge, skills, and abilities. This report is intended to provide information regarding how these data have changed from year to year and to support decision-making that facilitate change and lend to continuous improvement of the School of Education's degree programs.

OVERALL COMPLETERS AND RESPONSE RATE

The School of Education awarded 121 bachelor or master degrees in Fall 2019, Spring 2020, and Summer 2020. The Employer survey is typically administered one year after the graduate earns his or her degree. This provides the opportunity for the graduate to teach in a school and apply the knowledge, skills, and abilities learned at IU Southeast. Due to the pandemic and staffing issues, the survey administration was delayed and administered in the summer of 2022. Graduates are located through the Kentucky Education Professional Standards Board Certificate Inquiry Database and the Indiana Department of Education.
