Is your institution a member of an HEA Title II Teacher Quality Partnership (TQP) grant awarded by the U.S. Department of Education?

<https://www2.ed.gov/programs/tqpartnership/awards.html>

- Yes
 No

If yes, provide the following:

AWARD YEAR

GRANTEE NAME

PROJECT NAME

GRANT NUMBER

LIST PARTNER DISTRICTS/LEAS (ONE PER LINE)

LIST OTHER PARTNERS (ONE PER LINE)

PROJECT TYPE

- Residency
- Pre-baccalaureate
- Both Residency and Pre-baccalaureate

List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

THIS PAGE INCLUDES:

>> [Program Information](#)

Program Information

List each teacher preparation program included in your alternative, ihe-based route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at <https://www2.ed.gov/programs/tqpartnership/awards.html>.

Teacher Preparation Programs	Teacher Quality Partnership Grant Member?	Update
Alternative Certification	No	
Baccalaureate for Licensure	No	
Transition to Teaching	No	

Total number of teacher preparation programs: 3

Program Requirements

THIS PAGE INCLUDES:

- >> [Admissions](#)
- >> [Undergraduate Requirements](#)
- >> [Postgraduate Requirements](#)
- >> [Supervised Clinical Experience](#)

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Postgraduate

If Other, please specify:

2. Does your initial teacher certification program conditionally admit students?

- Yes
 No

3. Provide a link to your website where additional information about admissions requirements can be found:

<https://www.ius.edu/graduate-education/>

4. Please provide any additional information about or exceptions to the admissions information provided above:

Students are admitted into the Elementary Transition to Teaching (T2T) program in the late fall and start their programs in the spring semester. The T2T program is no longer a state mandated program. We have chosen to continue the Elementary T2T program and re-designed the secondary T2T into "Advance to Teaching (A2T) which will begin fall 2017. Both programs have 24 credit hours. We were able to re-allocate resources and offered a release time to a full-time faculty to coordinate the T2T elementary program starting fall 2015. We will do the same for the Advance to Teaching program.

Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. ([§205\(a\)\(1\)\(C\)\(i\)](#))

1. Are there initial teacher certification programs at the undergraduate level?

- Yes
 No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the rest of the page blank (or [clear responses already entered](#)) then click save at the bottom of the page.

Element	Required for Entry	Required for Exit

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

2.75

3. What was the median GPA of individuals accepted into the program in academic year 2016-17?

3.07

4. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3

5. What was the median GPA of individuals completing the program in academic year 2016-17?

3.9

6. Please provide any additional information about the information provided above:

Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2016-17. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

[Additional guidance on reporting supervised clinical experience and nonclinical coursework.](#)

Average number of clock hours of supervised clinical experience required prior to student teaching	240
Average number of clock hours required for student teaching	440
Average number of clock hours required for mentoring/induction support	20
Number of full-time equivalent faculty supervising clinical experience during this academic year	2
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	3
Number of students in supervised clinical experience during this academic year	8

Please provide any additional information about or descriptions of the supervised clinical experiences:

Candidates spend 8 months in an elementary classroom. 2 1/2 days per week the first semester for practicum and 5 days per week for student teaching.

Enrollment

THIS PAGE INCLUDES:

>> [Enrollment](#)

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

Total number of students enrolled in 2016-17	<input type="text" value="25"/>
Unduplicated number of males enrolled in 2016-17	<input type="text" value="6"/>
Unduplicated number of females enrolled in 2016-17	<input type="text" value="19"/>

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. ([§205\(a\)\(1\)\(C\)\(ii\)\(H\)](#))

2016-17	Number Enrolled

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> [Teachers Prepared by Subject Area](#)
- >> [Teachers Prepared by Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

[Additional guidance on reporting teachers prepared by subject area.](#)

[What are CIP Codes?](#)

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

[Additional guidance on reporting teachers prepared by academic major.](#)

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2016-17 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

>> [Program Completers](#)

Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years.

2016-17	<input type="text" value="11"/>
2015-16	<input type="text" value="9"/>
2014-15	<input type="text" value="8"/>

Annual Goals

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> [Annual Goals - Mathematics](#)
- >> [Annual Goals - Science](#)
- >> [Annual Goals - Special Education](#)
- >> [Annual Goals - Instruction of Limited English Proficient Students](#)
- >> [Assurances](#)

Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2016-17

1. Did your program prepare teachers in mathematics in 2016-17?

- Yes
 No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in mathematics in 2016-17?

3. Did your program meet the goal for prospective teachers set in mathematics in 2016-17?

- Yes
 No
 Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

Academic year 2017-18

7. Is your program preparing teachers in mathematics in 2017-18?

- Yes
 No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in mathematics in 2017-18?

2

9. Provide any additional comments, exceptions and explanations below:

We recently developed a post-baccalaureate program called "Advance To Teaching" which has been approved by Indiana Department of Education. Full implementation began fall 2017 based on enrollment. This is a pathway to secondary education programs for career changers that will increase enrollment in all secondary areas including Mathematics. Also, we applied and were awarded a grant for recruiting STEM teachers at the post baccalaureate and graduate levels. This 2 year grant from Indiana Commission for Higher Education (ICHE) will allow us to offer 12 credits for free to any student enrolled in a STEM area. We already have 10 students enrolled starting spring 2018.

Academic year 2018-19

10. Will your program prepare teachers in mathematics in 2018-19?

- Yes
 No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in mathematics in 2018-19?

3

12. Provide any additional comments, exceptions and explanations below:

We recently developed a post-baccalaureate program called "Advance To Teaching" which has been approved by Indiana Department of Education. Full implementation began fall 2017 based on enrollment. This is a pathway to secondary education programs for career changers that will increase enrollment in all secondary areas including Mathematics. Also, we applied and were awarded a grant for recruiting STEM teachers at the post baccalaureate and graduate levels. This 2 year grant from Indiana Commission for Higher Education (ICHE) will allow us to offer 12 credits for free to any student enrolled in a STEM area. We already have 10 students enrolled starting spring 2018.

Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

Academic year 2016-17

1. Did your program prepare teachers in science in 2016-17?

- Yes

No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in science in 2016-17?

3. Did your program meet the goal for prospective teachers set in science in 2016-17?

- Yes
 No
 Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

Academic year 2017-18

7. Is your program preparing teachers in science in 2017-18?

- Yes
 No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in science in 2017-18?

9. Provide any additional comments, exceptions and explanations below:

We recently developed a post-baccalaureate program called "Advance To Teaching" which has been approved by Indiana Department of Education. Full implementation began fall 2017 based on enrollment. This is a pathway to secondary education programs for career changers that will increase enrollment in all secondary areas including Science. Also, we applied and were awarded a grant for recruiting STEM teachers at the post baccalaureate and graduate levels. This 2 year grant from Indiana Commission for Higher Education (ICHE) will allow us to offer 12 credits for free to any student enrolled in a STEM area. We already have 10 students enrolled starting spring 2018.

Academic year 2018-19

10. Will your program prepare teachers in science in 2018-19?

- Yes
 No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in science in 2018-19?

12. Provide any additional comments, exceptions and explanations below:

We recently developed a post-baccalaureate program called "Advance To Teaching" which has been approved by Indiana Department of Education. Full implementation began fall 2017 based on enrollment. This is a pathway to secondary education programs for career changers that will increase enrollment in all secondary areas including Mathematics. Also, we applied and were awarded a grant for recruiting STEM teachers at the post

baccalaureate and graduate levels. This 2 year grant from Indiana Commission for Higher Education (ICHE) will allow us to offer 12 credits for free to any student enrolled in a STEM area. We already have 10 students enrolled starting spring 2018.

Annual Goals - Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in special education in each of three academic years.

Academic year 2016-17

1. Did your program prepare teachers in special education in 2016-17?

- Yes
 No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in special education in 2016-17?

3. Did your program meet the goal for prospective teachers set in special education in 2016-17?

- Yes
 No
 Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

Academic year 2017-18

7. Is your program preparing teachers in special education in 2017-18?

- Yes
 No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in special education in 2017-18?

9. Provide any additional comments, exceptions and explanations below:

We are hoping to recruit prospective special education candidates with emergency license through a new post-baccalaureate program that has just been approved (Spring 2018).

Academic year 2018-19

10. Will your program prepare teachers in special education in 2018-19?

- Yes
- No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in special education in 2018-19?

3

12. Provide any additional comments, exceptions and explanations below:

We are hoping to recruit prospective special education candidates with emergency license through a new post-baccalaureate program that has just been approved (Spring 2018). Also, we hope to capitalize upon the State stipend for students pursuing programs in high need areas including for Special Education and utilize this to encourage recruitment and retention into our program

Annual Goals - Instruction of Limited English Proficient Students

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in instruction of limited English proficient students in each of three academic years.

Academic year 2016-17

1. Did your program prepare teachers in instruction of limited English proficient students in 2016-17?

- Yes
- No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2016-17?

3. Did your program meet the goal for prospective teachers set in instruction of limited English proficient students in 2016-17?

- Yes
- No
- Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

Academic year 2017-18

7. Is your program preparing teachers in instruction of limited English proficient students in 2017-18?

 No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2017-18?

9. Provide any additional comments, exceptions and explanations below:

Academic year 2018-19

10. Will your program prepare teachers in instruction of limited English proficient students in 2018-19?

- Yes
 No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in instruction of limited English proficient students in 2018-19?

12. Provide any additional comments, exceptions and explanations below:

We are in the process of obtaining approval for our undergraduate and graduate licensure programs in ENL . The decision from the State is expected May 2018. We already offer an ENL minor and hope that the licensure will encourage more Education and non Education students to enroll in the program. We have been promoting the program widely though different marketing systems

Assurances

Please certify that your institution is in compliance with the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#), [§206\(b\)](#)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes

No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

Yes

No

Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Yes

No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

T2T candidates use technology in their methods classes and are expected to do presentations in class demonstrating knowledge and use of technology. All of their classes are supported by CAVAS- the university electronic course management system. The (T2T) program provides strategies for working with LEP students in all methods courses. Students are required to include adaptations and accommodations for student with disabilities on all lessons plans and they are required to observe in classrooms in all socio-economic areas. They observe and or interview special education teachers. They do pre and posttest analysis of students' performance and make additional adjustments to lessons.

Low-Performing

THIS PAGE INCLUDES:

>> [Low-Performing](#)

On this page, review the questions regarding your program's approval/accreditation and whether your program has been designated as low performing by the state. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

1. Is your teacher preparation program currently approved or accredited?

- Yes
 No

If yes, please specify the organization(s) that approved or accredited your program:

- State
 NCATE
 TEAC
 CAEP
 Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

- Yes
 No

Use of Technology

THIS PAGE INCLUDES:

>> [Use of Technology](#)

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Candidates in the alternative programs learn about the integration and use of technology in curriculum and instruction specifically in their methods courses, but throughout the program. All courses are supported by CANVAS, our online course management system. Secondary post baccalaureate candidates called Advance to Teaching (A2T) and Elementary Transition to Teaching (T2T) candidates are taught how to integrate technology into lesson design, use Inspiration, integrate LOGO in lessons, design PowerPoint presentations, use Photoshop, use Desktop Publishing, Excel, design a web site, and develop spreadsheets among other things. All alternative preparation candidates also learn how to use technology in the field during field and clinical experiences. When they student teach, they are required to input data and use the data to improve teaching and learning. We see the an increase in the use of technology in all our P-12 Schools . We also recently received a grant award in STEM that allows us to provide more support for our Secondary Education A2T students in the use of technology.

Teacher Training

THIS PAGE INCLUDES:

>> [Teacher Training](#)

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(§205\(a\)\(1\)\(G\)\)](#)

1. Does your program prepare general education teachers to:

a. teach students with disabilities effectively

- Yes
 No

b. participate as a member of individualized education program teams

- Yes
 No

c. teach students who are limited English proficient effectively

- Yes
 No

2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Elementary(T2T) students take a special education methods class. Secondary and Elementary learn specific strategies and learn about IEPs. They also participate in IEP teams at the local schools. All Teacher Candidates take a required course in Special Education- EDUC-K 205: Introduction to Exceptional Children. The unit tracks candidates' performances through Task stream and discuss the data in program and advisory council meetings. We have recently developed a dual degree in Special Education and Elementary Education that will also increase candidates' understanding of the knowledge and skills to work with students with disabilities. Our candidates are required to do a minimum of 15 hours of practicum in urban settings in Louisville, KY. Instruction on how to work with and teach limited English proficient students in addition to the requirements in their course works. For example, all teacher candidates take M 300: Education in a Pluralistic Society which focuses on inclusion and sensitivity to the learning and social development of linguistically diverse students. This year, we developed a new minor in ENL for undergraduate students and have applied for a licensure program in ENL area so that students can add this as an endorsement to their major. The IUS campus provides financial support for an ENL project called New Neighbors to assist in providing materials and professional development to in-service teachers regarding ENL. Our teacher candidates benefit from having teacher mentors with ENL expertise.

3. Does your program prepare special education teachers to:

a. teach students with disabilities effectively

- Yes
- No
- Program does not prepare special education teachers

b. participate as a member of individualized education program teams

- Yes
- No
- Program does not prepare special education teachers

c. teach students who are limited English proficient effectively

- Yes
- No
- Program does not prepare special education teachers

4. Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All Teacher Candidates take a required course in Special Education- EDUC-K 205: Introduction to Exceptional Children. The unit tracks candidates' performances through Task stream and discuss the data in program and advisory council meetings. We have recently developed a dual degree in Special Education and Elementary Education that will also increase candidates' understanding of the knowledge and skills to work with students with disabilities. Our candidates are required to do a minimum of 15 hours of practicum in urban settings in Louisville, KY. Instruction on how to work with and teach limited English proficient students in addition to the requirements in their course works. Our teacher candidates benefit from having teacher mentors with ENL expertise.

Contextual Information

On this page, review the contextual information about your program. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

>> [Contextual Information](#)

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Enrollment in the Elementary Education T2T and the Secondary Education "Advance to Teaching" programs continue to grow. This year, we obtained approval for the Special Education post baccalaureate program that we hope will increase the recruitment of special education initial licensure prospects. We continue to provide support to the students by offering seminars in co-teaching, classroom management and ethics. Students are placed in the schools for field experiences from day one and receive advising and mentoring through university supervisors and clinical faculty. All programs have updated their assessments to align with the New CAEP standards. We conduct data days at least twice a year to share data across programs and with stakeholders, and close the feedback loop..
